

# Introduction

## Welcome to the Batemans Bay Marina redevelopment community information and feedback session.

The purpose of the community information and feedback session is to:

- inform the community of Ariadne's plans for redeveloping and upgrading the Batemans Bay Marina
- seek feedback on the proposed plans
- better understand the full range of community views regarding this significant project for Batemans Bay and the NSW southern coast.

Please feel free to inspect the display and to speak with members of the project team here today to answer your questions and hear your views on the project.

### Ariadne's Batemans Bay Marina project team includes:

- David Mann
- Tim Hellyer
- Brett Bolton

### Architecture - JMA Architects;

- John Mainwaring

### Environment - Synnot and Wilkinson;

- Russell Synnot

### Community Engagement: Elton Consulting

- Brendan Blakeley
- Janis Tebecis

Ariadne believes in the importance of community consultation. We are keen to understand the full range of community views to help us refine the scheme prior to lodging the Environmental Assessment. We look forward to hearing your feedback.
